

### **COUNCIL COMMUNICATION**

AGENDA TITLE:

Public Hearing to Consider Adopting Resolution Approving the Stormwater

Management Program (SMP) and Authorizing the City Manager to Submit the

Program to the Regional Water Quality Control Board (RWQCB)

**MEETING DATE:** 

March 5, 2003

PREPARED BY:

Public Works Director

RECOMMENDED ACTION: That the City Council conduct a Public Hearing to consider adopting a

resolution to approve City of Lodi's Stormwater Management Program (SMP) as prepared by Black & Veatch Corporation and authorize the City Manager to submit a Notice of Intent (NOI) to the Regional Water Quality Control

Board (RWQCB) for coverage under the State's General Permit for the National Pollutant Discharge

Elimination System (NPDES) Phase II Permit Application.

BACKGROUND INFORMATION:

The State of California Water Resources Control Board, in compliance with Federal mandates, will require the City of Lodi, as well as other cities and entities, plus construction sites disturbing one or more acres, to obtain NPDES Phase II Stormwater permits by

March 10, 2003. The current application cost is \$7,500, which is also the annual permit cost for populations between 50,000 and 74,999.

Under the jurisdiction of the Central Valley Regional Water Quality Control Board, the State has developed a general stormwater permit, under which agencies required to have a permit would submit a Notice of Intent to apply for coverage. An alternative would be to seek coverage under another entities' permit, such as San Joaquin County (Exhibit A). Staff proposes to apply for coverage under the permit. The City will have five years to implement a stormwater program that will meet general Phase II requirements. Background on these requirements was presented to Council at the March 26, 2002, Shirtsleeve Session. Key to the Notice of Intent is the Stormwater Management Plan which must be submitted with the Notice.

The City has hired Black & Veatch Corporation as a consultant to assist the City with the preparation of a Stormwater Management Program and other documentation necessary for obtaining an NPDES Phase II permit. They have been working with the City on this project since May 2002. As intended and previously stated in the March 20, 2002, Council Communication, the City worked with Black & Veatch in utilizing existing materials for completion of this work. Black & Veatch has completed the necessary tasks listed below:

- 1. Summary of existing system, maintenance practices, and municipal code
- 2. Determine RWQCB requirements and prepare written summary
- 3. Facilitate establishing goals and objectives
- 4. Prepare Stormwater Management Program
- 5. Prepare NPDES permit Notice of Intent and related forms
- 6. Estimate cost of stormwater management activities and five-year implementation
  - Details can be found on pages 11-41 through 11-43 under the Program Cost Summary section of the City's Stormwater Management Program and will be included in the next budget.

ATTENDED TO THE TOTAL PROPERTY OF THE TOTAL	
APPROVED:	
	H. Dixòn Flynn City Manager

Public Hearing to Consider Adopting Resolution Approving the Stormwater Management Program (SMP) and Authorizing the City Manager to Submit the Program to the Regional Water Quality Control Board (RWQCB)

March 5, 2003

Black & Veatch has also assisted in the development of the City's Best Management Practices (BMP). Found in the appendix of the SMP, these practices have been developed to assist the City in maintaining our Stormwater Management Program and can be used as a source of information. Although having the BMP in place is required by the RWQCB, the suggested practices are not mandatory and are provided as optional guidelines when dealing with and managing stormwater issues. City staff will develop a Stormwater Team that will be responsible for updating these practices by improving development standards and by improving our own construction specifications. Since specific practices are not mandatory, the BMP will be reviewed and/or edited as needed due to technology changes and according to the effectiveness of each practice while managing the City's stormwater program.

California's implementation of the Federal requirements has been delayed due to a recent Federal Court decision. (See attached fact sheet, Exhibit B.) One of the issues was the lack of required public input in adopting the SMP. Thus, staff is conducting a public hearing on this item.

A copy of the Stormwater Management Program was included in the Council's February 5, 2003, packet. Additional copies are available at the Public Works Department on request and will be posted on the City's website.

Storm Water Program

Phase II Small Municipal Separate Storm Sewer System (MS4) Program

• Will the Small MS4 Permit be considered by the State Water Resources Control Board at the February 4, 2003 meeting?

No, the Small MS4 Permit item was removed from the agenda in light of the recent 9<sup>th</sup> Circuit Court of Appeals decision, *Environmental Defense Center v. United States Environmental Protection Agency*, (Decision). The State Water Resources Control Board has decided to delay issuance of the Small MS4 Permit. The Decision may require revisions to the application requirements for the Permit, and the State Board is awaiting information from the U.S. Environmental Protection Agency regarding compliance with the decision.

 If I am an automatically designated Small MS4¹, must I still comply with the March 10, deadline?

The existing Phase 2 regulations, which were upheld in the Decision, require that automatically designated Small MS4s apply for coverage under an NPDES permit by March 10, 2003. (A list of MS4s in urbanized areas can be found in <a href="Attachment 1">Attachment 1</a> of the draft general permit.) The State Board may not adopt a general permit for Small MS4s by that date. Small MS4s may choose to submit an NOI package by that date, even though there may not be an adopted permit or an adopted NOI form. If Small MS4s do file an NOI form, we recommend they use the form in the draft permit. Click here for the recommended form.

 Must Small MS4s within cities or counties designated by the state<sup>2</sup> submit an NOI by March 10?

No, the EPA regulations provides at least 180 days after the permit is adopted for MS4s designated by the state to submit an NOI package. A list of state designated traditional Small MS4s can be found in <u>Attachment 2</u> of the draft General Permit. In the interim, we encourage you to develop your SWMP. As a reference the draft general permit may be used to provide a framework for the SWMP.

Must non-traditional Small MS4s3 submit an NOI by March 10?

No, the EPA regulations provides at least 180 days after the permit is adopted for MS4s designated by the state to submit an NOI package. A list of state designated non-traditional Small MS4s can be found in <u>Attachment 3</u> of the draft General Permit. We encourage you to currently be developing your SWMP. As a reference the draft general permit provide a framework for the SWMP.

What is to be included in an NOI package?

An NOI package must include a completed and signed NOI form, a complete SWMP, and the appropriate fee based on the current Fee Schedule<sup>4</sup>. In accordance with the Fee Schedule school districts are not required to submit the fee. As a reference the draft general permit provides a framework for the SWMP.

What do you mean by complete SWMP?
 It is not anticipated that the SWMP be fully implemented upon submittal with the NOI. It is also recognized that the initial SWMP may not be complete. However, it is the intent of this

draft general permit that the SWMP that will be submitted with the NOI contain sufficient information such that Regional Board staff and interested parties understand the BMPs that will be implemented immediately or the BMPs that will be developed and implemented over the course of the Permit term. It is also expected that the initially submitted SWMP will contain measurable goals, schedules, and assignment of responsible parties for each BMP as required in the Federal Regulations<sup>5</sup>. It is anticipated that the SWMP initially submitted may be revised or modified at the direction of the Executive Officer of the appropriate Regional Board based on the findings of Regional Board staff's review of the SWMP.

Who do I contact with questions about the Phase II Small MS4 program?
 If you have any questions please contact Jarma Bennett, at (916) 341-5532 or Pamela Barksdale, Chief of the Municipal Storm Water Unit at (916) 341-5280. You may also contact Bruce Fujimoto, Chief of the Storm Water Section at (916) 341-5523.

## CITY OF LODI

#### PUBLIC WORKS DEPARTMENT

CITY HALL, 221 WEST PINE STREET P.O. BOX 3006 LODI, CALIFORNIA 95241-1910 (209) 333-6706 FAX (209) 333-6710 EMAIL pwdept@lodi.gov http://www.lodl.gov

February 27, 2003

H. DIXON FLYNN City Manager

SUSAN J. BLACKSTON City Clerk

RANDALL A, HAYS City Attorney

RICHARD C. PRIMA, JR. Public Works Director

Black & Veatch Corporation Attn: Mr. Bruce Corwin 8950 Cal Center Drive Sacramento, CA 95826

Concerned Parties - Mailing List

SUBJECT: Public Hearing to Consider Adopting Resolution Approving the Stormwater Management Program (SMP) and Authorizing the City Manager to Submit the Program to the Regional Water Quality Control Board (RWQCB)

Enclosed is a copy of background information on an item on the City Council agenda of Wednesday, March 5, 2003. The meeting will be held at 7 p.m. in the City Council Chamber, Carnegie Forum, 305 West Pine Street.

The Council will conduct a public hearing on this item. You are welcome to attend and speak at the appropriate time.

If you wish to write to the City Council, please address your letter to City Council, City of Lodi, P. O. Box 3006, Lodi, California, 95241-1910. Be sure to allow time for the mail. Or, you may hand-deliver the letter to City Hall, 221 West Pine Street.

If you wish to address the Council at the Council Meeting, be sure to fill out a speaker's card (available at the Carnegie Forum immediately prior to the start of the meeting) and give it to the City Clerk. If you have any guestions about communicating with the Council, please contact Susan Blackston, City Clerk, at (209) 333-6702.

If you have any questions about the item itself, please call Marlinda Devera, Management Analyst, at (209) 333-6740.

Richard C. Prima, Jr. Public Works Director
